

Aryan Sahu

3D Modeler

Creative Animator with 2+ years of experience in 3D Modeling field. Passionate about developing characters that bring stories to life. Proficient in Blender and focused on completing projects with accuracy and artistic skill.

Work Experience

Educational Counselor, Collegedunia

May 2023 - July 2023

at Collegedunia, I played a pivotal role in guiding students towards successful academic journeys. I provided expert advice on career choices, addressed academic inquiries, and assisted in college selection. Additionally, I managed student data, ensuring a seamless counseling process.

3D Modeler and Graphic Designer, Magnus Systems Pvt Ltd

May 2022 - June 2022

Remote Working

- Worked on Multiple Scene of Ice Hockey Arena using Blender.
- Provide unique texture and lighting to model.
- Create 3D model and its texture for Virtual Reality and Augmented Reality.

Summer Internship, Ice Hockey Stadium

May 2022 - June 2022

- This project was my previous summer internship work, this is basically 3D environment for AR/VR based Game on Ice hockey.
- This stadium was high poly structure on low poly floating mountain. I can't disclose its texture pattern due to NDA agreement on textures.
